## 2 Getting Started

NECO is your link to the world of Navy Electronic Business Opportunities. It is the centerpiece of the Navy's strategy to convert to paperless processes in accordance with DoD direction. Navy and Marine solicitations are accessible online for supplies, services and materials. NECO delivers daily emails each morning to inform you of procurement opportunities based on vendor profile. A vendor may submit their bid/quote on line, it is then forwarded to the appropriate buying activity for submission. Awardees are notified via email. The NECO Help Desk (800-503-6326) provides excellent technical and customer support 8am to 5pm daily, Monday through Friday ET. NECO also links to FedBizOpps.

Vendors are encouraged to utilize the Online **Representations and Certifications Application (ORCA)** as mandated by the Federal Acquisition Regulations (FAR) (effective 1 January 2005). This applies to all Contractors registered in the Central Contractor Registration (CCR).

## 2.1 CCR Vendor Registration

A vendor may search for solicitations on the Business Opportunities page or for a synopsis on the Search Synopsis page without a vendor registration. However, if a vendors wishes to submit a bid for a particular solicitation on NECO, they must first register with NECO to receive a password. A password will be emailed to the vendor upon completion. A vendor must have their DUNS Number and Cage Code in order to register with NECO.

### CCR Registration

All Vendors must be registered with CCR (Central Contractor Registration) to be eligible for award of government contract. A DUNS (Data Universal Numbering System) Number is a 9-digit number assigned to Vendors by Dun & Bradstreet. This number is required by CCR, who then issues a CAGE (Commercial and Government Entity) Code (5-digit, alpha-numeric identifier). Both a DUNS and CAGE are required to complete registration with NECO. Register with CCR by clicking the links located on the NECO homepage and Vendor Registration page. Select “Start New Registration.”

## 2.2 CCR Website

The screenshot shows the Central Contractor Registration (CCR) website homepage. The header features the CCR logo and the URL www.ccr.gov. #### Daily Email Customization

When registering with NECO, Vendors may choose to receive Daily Procurement Offerings or notices of solicitations as they are posted to NECO. By default, ALL options are selected under Daily Email Customization. Vendors may choose selected Commands/Sites from which they wish to receive notices. However, it is best for the vendor to select "ALL" Command Sites to receive a wider range of activity Business Opportunities.

FSCs (Federal Supply Codes) reflect services and products which the company provides. (Go to <https://www.dlis.dla.mil/PDFs/h2.pdf> to view a detailed description of 4-digit FSCs). NECO generalizes these by using the FSG, or Federal Supply Group (only the first two digits of FSC). For example, a Vendor selecting 16 - aircraft components and accessories will be notified of all postings within the 1600s (1610, 1615, 1620, etc.). Using your mouse, select your first choice. Then, hold the Ctrl key if you wish to add or remove multiple selections.

CAGE CODE - This entry is for use by manufacturers whose part numbers begin with their CAGE Code. Buyers will sometimes indicate a Vendor's (Seller's) part number.

```
Your vendor registration information has been successfully modified on
the Navy Electronic Commerce Online web site (NECO). Please use your
Entity Name and Password, provided below, to login to the NECO offer
submission area.
```

```
UserName:  NECO

```

Below are the selections you made for your customized daily email:

```

## 6.6 Business Opportunities Submit a Bid Definitions

### Submit a Bid

#### Price Quote No.

This refers to a tracking number the offeror would assign to the quote. This a required field even if the Vendor does not use internal tracking numbers.

#### Line Items

If you would like to quote only one or some of the line items, be sure to select 'No Quote' from the drop-down menu (next to Unit Price for item you are not quoting). By leaving these entries blank, the offeror is bidding an amount of \$0.00. If your bid confirmation reflects an amount of \$0.00, contact the Buyer to request their acceptance of another bid. Help Desk personnel cannot alter your bid, nor can they view your actual quote submitted.

#### Delivery Lead Time

Used to indicate the length of the quote acceptance period allowed by the offeror or to specify when the midpoint of the proposed effort will be reached. Quote delivery schedule applies to all of the line items and there will be only one delivery of the total quantity. Use this area when the quote differs from the solicitation requirements or to provide information essential to the quote.

#### Expiration Time Period

Use the first box to specify a NUMERIC VALUE of quantity which represents the duration of time in which your offer is valid. Then select, from the drop-down list located directly beside the first box, an indicator to describe your numeric value of quantity. The drop-down list represents units of time periods or intervals. Included in the list are selections such as Calendar Days, Month, Weeks, etc... Choose one of these values to describe the numeric value you provided in the first box. These 2 elements are REQUIRED. You will not be able to submit your offer unless you have provided this information.

#### Expiration Relevant Date

Use this box to cite a date that is relevant to the Expiration Time Period you provided. For example, you may provide a date that is the start date of the cited activity or a date that indicates the final day in which your offer is applicable and valid (offer expiration date). This box is NOT REQUIRED. You may leave it blank. If you do provide a date, please adhere to the following date format: mm/dd/yyyy.

#### Bid Document

This feature is only capable of uploading a single document. If it is necessary to submit more than one Word document, save the files to a .zip folder and upload the folder. Your bid will be sent to the Buyer via email.

If a form is provided, but won't allow you to type in the form (it is locked or password protected) you must print the form, fill it out, and submit via fax or mail. Some documents are protected, only allowing you to provide some of the information. In this case, you are required to print the document/form, complete, and submit via fax, email, or mail. We recommend you contact the Buyer (listed on the original RFQ) and notify them you will be sending. Before doing so be sure to read over the entire solicitation as it may provide acceptable methods of submitting your quote. Faxed copies are not always accepted.

If a form is not provided, but the Submit a Bid page has upload capability, the Vendor must create a document. In addition to information the Buyer is requesting, Vendor should include company name, authorized representative, telephone number and CAGE code.

On Submit a Bid Upload page, there are boxes under Clause References. These entries should be left blank, unless the offeror disagrees with the Clauses.

See Sample below.
